

The exclusive conference centre, located on the ground floor, featuring natural light and overlooking the garden surrounding the Hotel, has been designed to accommodate all technological devices available to enhance performance and create the perfect atmosphere for all types of events. The conference centre is also equipped with a comfortable foyer, an area for coffee breaks and intervals between meeting sessions. The conference centre rooms can accommodate up to 400 people; they are equipped with standard technical equipment and are all located in the same area.
